

INFORMATION SECURITY POLICY

Eczacıbaşı Consumer Products defines corporate and personal information as a critical asset. To preserve the confidentiality, integrity, and accessibility features of our information assets and maintain risks at acceptable levels, our organization has established an Information Security Policy.

Within this scope, our commitments to relevant parties include:

- To ensure compliance with legal obligations through the implementation of our Information Security Policy
- To meet the requirements specified in contracts with third parties (business partners, customers, suppliers, government agencies).
- To ensure the continuity of business operations.
- To prevent and minimize any damage arising from information security incidents.
- To fulfill information security requirements.

With the Information Security Management System in accordance with ISO/IEC 27001 standards, our related processes are documented, measured, and continuously improved. Additionally, we integrate our activities manner with other management systems to manage risks related to information assets and enhance information security awareness and competence.
